

Message from the CEO of PCEN MEDIA INC and MYTVTOGO

INTERNATIONAL COVID SUMMIT

Rome Italy, September 12-14, 2021

Our **MYTVTOGO** platform will live-stream this historic event. The Summit will gather some of the world's most knowledgeable and influential scientists, infectious disease experts, and front-line medical professionals to discuss the status of the COVID Pandemic openly; the prevention and early treatment of COVID; and present their findings to the Italian Senate, including selected leaders of the EU and ultimately to the world.

Through this Summit, the world will learn:

1. The results of the research are incontrovertible
2. Multiple effective treatments exist
3. Together, we can end this pandemic

Never in our history has the assault on science, reason, and human decency been so formidable, and never have the consequences of inaction been so grave.

Please join us; the world needs your voice.

Sincerely,
Donald J. Slaughter
Chief Executive Officer
PCEN MEDIA INC.
MYTVTOGO

"One voice, against the darkness."
